Response to Monroe email: *"What's been happening during our "Pause."*

Congratulations! Just wonderful to learn of these great initiatives.
And, this is just the beginning.
Very best,
Jim

The uprise in online stats are incredible!!!!!

CONGRATULATIONS

The gifting of free talks and meditations is truly noble.
I will be joining your on line class at the end of this month with the Happiness Program :)
LOL we all thought you could have a smooth ride due to a solid foundation……no one could have predicted this "stay at home" event. Your team rose to the challenge and adapted beautifully.
Thank You for your service and dedication.
Please pass my Congratulations and Gratitude on to the Incredible, Amazing, Never giving up, God sent staff at Monroe Institute.
With So Much Love

Way to go! :-)
Congratulations on finding a way to successfully deliver the Monroe experience despite the obstacles of "social distancing."

Good work Monroe!
What I saw your email, I'd opened it with Trepidation after seeing the subject, as I thought you were going to announce the closure of TMI.
Be safe!
